

Intensity Shuttle for Thunderbolt™

Intensity Shuttle is now available with incredibly fast Thunderbolt™ technology. Capture and playback the highest quality SD and HD video in full 10-bit quality with HDMI, analog component, composite and S-Video connections. Intensity Shuttle's innovative design is compact and portable, plus you can plug inline with your cables because input connections are on one side, and output connections on the other! Intensity Shuttle is powered over the Thunderbolt™ cable so you don't need cumbersome power supplies. Intensity Shuttle uses the same high quality electronics as Blackmagic Design's high end capture and playback solutions.

\$239
