

TM-100

Sound Level Calibrator

Setting standard sound level at 94dB and 114dB.

According Standard ANSI S1 4-1984 and IEC 942 1988 Class 2

1/2 inch microphone adapters provided.

Low battery indicator.

Output frequency: 1kHz +/- 4%

Test condition

- a) Environment Temperature
- b) Relative humidity: 65%
- c) Atmospheric pressure: 1013 mbar

Accuracy: +/- 0.5dB

DIMENSION

- **Size** : Dia. 48 x 125mm
- **Weight**: About 285g(including battery)
